DETAILED ACTION

This action is in response to amendment filed 12/11/2006. Claims 1-3, 5, 6, 11, and 15-20 are pending.

Allowable Subject Matter

Claims 1-3, 5, 6, 11, and 15-20 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1-3, 5, 6, 11, and 15-20 are neither anticipated nor made obvious by the prior art of record.

In regard to claims 1, 11, 17, and 18, the prior art fails to disclose a display device and a flat light source unit as set forth in combination with temperature control means including a cooling device for keeping the light source at constant temperature, a light mixer, a light detector, and a light source control means for controlling the luminance of the light source elements so that the light source unit has constant chromaticity, wherein the temperature control means controls the temperature of the light source independently of the control of the light source by the light source control means.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
